EMPLOYMENT

2017 – 2018

FRONT END DEVELOPER – Innovasium Inc.

+ Developed fully responsive websites and apps from scratch using various frameworks, such as proprietary CMS, Drupal, Wordpress.
+ Developed new features and maintained websites for over 20 existing clients.
+ Collaborated with other developers and designers to solve problems.
+ Tested applications across multiple browsers on different devices, fixed bugs.
+ Implemented and maintained web accessibility standards (WCAG 2.0 AA and AAA).
+ Wrote documentation, trained and supported clients on updating content with CMS, using pre-built templates and widgets.

2011 – 2016

MARKETING COORDINATOR – Kantor Ltd.

+ Coordinated with a web development agency that was selected to develop and deploy our e-commerce system and ensured timelines were met.
+ Performed QA testing of the e-commerce system on multiple platforms.
+ Updated content on the company's website using a proprietary content management system.
+ Developed various marketing materials using Adobe Illustrator.
+ Acted as a community manager on all of our social channels.

2010 - 2011

ADMINISTRATIVE COORDINATOR – Merry Products Corp.

+ Built strategic relationships with buyers and business partners.
+ Developed communication strategies and marketing activities to promote sales of products.
+ Performed general office duties.

EDUCATION
